Corrugated Cartons .....Page 10

**HPI** was incorporated as Harta Ngiak in 1987, and subsequently in 1990, changed its name to **Harta Packaging Industries Sdn Bhd** to reflect the change in its core business of manufacturing corrugated boards, corrugated cartons, die-cut containers and paper pallets in strategic regions in Northern, Central and Southern parts of Malaysia. Subsequently, a plastic packaging division was included as a mainstream business.

Within a short span of 7 years, **Harta Packaging Industries Sdn Bhd** was listed on the Kuala Lumpur Stock Exchange (now BURSA Malaysia) in 1997 as a wholly-owned subsidiary of HPI Resources Bhd.

Tapping into the food packaging market, **HPI** ventured into the food-wrapper business producing hawker paper, burger paper and paper bags in Year 2000. Further expansion saw the Group spreading its wings overseas to the fast-growing market of Cambodia in 2004 with the set-up of both corrugated carton and plastic packaging operations. As a move to realize the full potential of a completely integrated paper and packaging manufacturer, the Group made a giant leap by acquiring a paper mill which produces various types of paper in Year 2008.

In August 2011, to consolidate the Group's businesses even further, it went beyond boundaries to become a part of **Oji Group of Japan**, one of the largest and most established pulp and paper companies in the world.

Backed by a solid establishment with sound fundamentals, **HPI** is now poised to meet greater challenges more than ever in the highly demanding packaging industry.

## BACKGROUND HISTORY

## C O R P O R A T E I N F O R M A T I O N

<b>COMPANY NAME:</b>	Ojitex Harta Packaging (Sihanoukville) Limited. (A wholly owned Subsidiary of HPI Resources Berhad)
<b>REGISTERED ADDRESS:</b>	Sihanoukville Port Special Economic Zone, Sangkat No. 3, Khan Mittapheap, Sihanoukville, Preah Sihanouk Province, Kingdom of Cambodia.

## HPI GROUP POLICY

Companies within HPI Group uphold a concerted, consistent corporate philosophy that encompasses the following:

- To live harmoniously with the environment and continue to intensify corporate social responsibility work to the communities where we are present.
- To deliver the highest quality of customer service and products that are safe, reliable and cost effective to our valued customers.
- To provide a safe workplace for all our employees, pursuing zero workplace accident for 2019 and beyond.

## INTEGRATED MANAGEMENT SYSTEM

**Ojitex Harta Packaging** adopts an **Integrated Management System** that not only focuses on quality excellence, but embraces also the environmental and safety concepts close to our hearts as evidenced by our achievement of the prestigious **ISO 9001:2015** and **ISO 14001:2015** Certifications.

## QUALITY CONTROL

Boxes reflect the value of the contents. Hence, Ojitex Harta Packaging views quality with paramount importance. All operations within HPI Group of Companies employ the highest level of quality control in accordance with the ISO 9001:2015 Quality Management System to ensure the utmost quality of our products.

Stringent quality checks on raw materials, printing, die cutting, right up to finished products are conducted using elaborate test equipment to ensure that the cartons meet all quality requirements of our discerning customers.

## TEST EQUIPMENT

- **Micro-Computer Ring Crush Tester (Gotech – Taiwan)**  
Incorporates a highly accurate load cell and CPU to enable direct view of the strength of the specimen on display. Used to test ring crush strength (Vertical & Horizontal) and adhesion strength of paper board
- **Bursting Strength Tester (Gotech - Taiwan)**  
To determine the bursting strength of paper, corrugated board and carton.
- **Box Compression Tester (Gotech – Taiwan)**  
Used to test the stacking strength of boxes.
- **Printing Ink Durability Tester**  
Used to determine the abrasion resistance of printing ink.
- **Digital Thickness Gauge**  
Used to determine the thickness or gauge of paper.
- **Digital Weighing Scale**  
To get the required weight of paper or paper board
- **Ring Crush Test Sample Cutter (Gotech - Taiwan)**  
Used for preparing the standard specimen for ring crush test or others.
- **Sample Cutter for Column Compression (Gotech – Taiwan)**  
Using 2 cutters, namely, Parallel Cutter and Angle Cutter to get a standard specimen for column compression test.
- **Circular Sample Cutter**  
Used for preparing the standard size for weight test (GSM).
